

**Postdoc Fellow
Cellular Neurobiology Research Branch, NIDA
(deadline: September 30)**

The National Institute on Drug Abuse (NIDA), a major research component of the National Institutes of Health (NIH), Department of Health and Human Services (DHHS), is recruiting for a postdoctoral fellow to conduct research in the Cellular Neurophysiology Section, Cellular Neurobiology Research Branch, Intramural Research Program (IRP). Projects will involve molecular and anatomical approaches, as well as mouse models, to define neuronal pathways that may participate in drug addiction. The successful candidate must have a Ph.D. in neuroscience or a closely related subject, with 5 or less years of postdoctoral experience. Knowledge of electron microscope techniques, gained through training and experience, is required. Salary will be set commensurate with experience and accomplishments. The fellowship will become available after November 1st, 2008. Candidates must submit a CV with bibliography and three letters of recommendation (from noncollaborators) to Dr. Marisela Morales, at mmoralesa@intra.nida.nih.gov <<mailto:mmoralesa@intra.nida.nih.gov>>. Applications must be received by September 30, 2008 - late applications will not be considered. DHHS and NIH are Equal Opportunity Employers.

###

**Animal Program Director
NIA Intramural Research Program
(deadline: September 30)**

The National Institute on Aging (NIA), a major research component of the National Institutes of Health (NIH) and Department of Health and Human Services (DHHS), is recruiting for a Staff Scientist-Facility Head who will serve as the Animal Program Director for the NIA Intramural Research Program (IRP), as well as Section Chief of the Comparative Medicine Section (CMS) of the Research Resources Branch (RRB). The incumbent will be responsible for an AAALAC accredited animal care and use program and for support of the animal research programs in the Institute, studying animal models of development and aging, and interventions to prevent or alleviate aging-related deficits. The supervisory and regulatory responsibilities of this position require the applicant to hold a veterinary degree (D.V.M., V.M.D., or equivalent degree) with certification or eligibility for board certification in laboratory animal medicine or veterinary pathology.

Applicants must have a proven record of management of an animal research program. The expertise and experience should include, but not be limited to interaction and cooperation with scientific staff in a manner that promotes and facilitates their scientific programs. Duties will include cost-effective breeding and maintaining numerous transgenic and knockout lines (currently in excess of 600) including “difficult” lines, collaboration with scientific staff in effective production and import of new genetically manipulated lines, and, especially, in maintaining a current and accurate database on the colony status. The incumbent will oversee animal health surveillance and maintain both a barrier facility and a quarantine area. The incumbent will perform animal surgery and teach appropriate procedures to animal care and technical staff.

Salary is commensurate with experience and accomplishments. The salary range for Staff Scientists is \$82,961 - \$166,430. A full Civil Service package of benefits (including retirement, health, life and long term care insurance, Thrift Savings Plan, etc.) is available. Additional information regarding the NIA, IRP and the RRB is available at the following websites: <http://www.grc.nia.nih.gov> <<http://www.grc.nia.nih.gov>> and <http://grc.nia.nih.gov/branches/rrb/rrb.htm> <<http://grc.nia.nih.gov/branches/rrb/rrb.htm>> . To apply: Please send a cover letter, curriculum vitae, bibliography, statement of research interests, and three letters of recommendation to: Peggy Grothe, Intramural Program Specialist; Office of the Scientific Director; National Institute on Aging, 251 Bayview Boulevard, Suite 100- Room 04C232, Baltimore, MD 21224-6825. Applications must be received by September 30, 2008. Please include the following vacancy number in all correspondence: Vacancy # NIA-IRP-08-09. If additional information is needed, please call 410-558-8012 or email: grothep@mail.nih.gov <<mailto:grothep@mail.nih.gov>> . DHHS and NIH are Equal Opportunity Employers.

###

**Tenure-Track Position
Laboratory of Clinical Investigation, NIA
(deadline: September 30)**

The Laboratory of Clinical Investigation (LCI) of the National Institute on Aging (NIA) is recruiting a scientist for a tenure-track position within its Intramural Research Program (IRP) in Baltimore, MD. This position is 100% research, includes an attractive set-up package and operating budget, and provides the unique and extensive resources of the NIH. Principal Investigators in the LCI include Drs. Josephine M. Egan, Acting Chief, Richard G.S. Spencer, M.D., Ph.D., and Irving W. Wainer, Ph.D. The successful individual will possess an M.D. or Ph.D. with training and experience in the field of endocrine function. Emphasis on nutrition, the aging phenotype or type 2 diabetes would be preferred. Experience in some of the following areas is desirable: whole

animal physiology, cellular and molecular biology and bioinformatics. Applicants should have a record of peer reviewed publications. Strong oral and written communication skills are an important requirement and evidence of successful grant funding would be advantageous. The candidate will be expected to collaborate and sustain collaborations with other research groups within the NIA. The successful candidate will be expected to develop his/her own line of research to complement and enhance the current efforts of the LCI towards decreasing age-related decline in health and improving the general metabolic health of the elderly.

Salary is commensurate with research experience and accomplishments, and a full Civil service package of benefits (including retirement, health, life and long term care insurance, Thrift Savings Plan participation, etc.) is available. Additional information regarding the NIA, IRP and the LCI are available at the following websites:

<http://www.grc.nia.nih.gov> <<http://www.grc.nia.nih.gov>> and <http://www.grc.nia.nih.gov/branches/lci/lci.htm> <<http://www.grc.nia.nih.gov/branches/lci/lci.htm>> . To apply: Please send cover letter, curriculum vitae, bibliography, statement of research interest and three letters of recommendation to: Peggy Grothe, Intramural Program Specialist; Office of the Scientific Director, Vacancy # NIA-IRP-08-08, National Institute on Aging, NIH Biomedical Research Center, 251 Bayview Blvd., Suite 100, Baltimore, Maryland 21224. Applications must be received by September 30, 2008. If additional information is needed, please call 410-558-8012 or email to grothep@mai1.nih.gov <<mailto:grothep@mai1.nih.gov>> . DHHS and NIH are Equal Opportunity Employers.

###

**Tenure-Track Position
Laboratory of Molecular Biology, CCR NCI
(deadline: October 15)**

A tenure-track research position is available in the Laboratory of Molecular Biology (LMB), CCR, NCI for a scientist working in the field of prokaryotic biology. Candidates must have a Ph.D. and/or M.D. and a proven record of innovative research and productivity in bacterial pathogenesis or bacterial physiology, molecular biology, bacterial cell biology or systems biology using a prokaryotic system and/or bacteriophage biology. The successful candidate will join an active group of research staff in the LMB working on transcriptional and post-transcriptional regulatory mechanisms, proteolysis and protein folding, eukaryotic gene expression, and basic understanding and applied use of bacterial toxins and immunotoxins. Salary will be commensurate with education and research experience. Applicants should submit a CV, including bibliography, a two page statement of research interests, and have three letters of recommendation forwarded to: Ms. Ann Schombert, Executive Secretary,

Laboratory of Molecular Biology, CCR, NCI, Building 37, Room 5106, Bethesda, MD 20892-4264; phone: 301-451-8714, Fax: 301-402-1344, e-mail: schombea@pop.nci.nih.gov <<mailto:schombea@pop.nci.nih.gov>> . Electronic applications are strongly preferred. This position is not restricted to U.S. citizens only. Applications must be postmarked by October 15, 2008. DHHS, NIH, and NCI are Equal Opportunity Employers.

###

**Tenure or Tenure-Track Position
Occupational Epidemiology / Industrial Hygiene, NCI
(deadline: October 15)**

A tenure track/tenure position is available in the Occupational and Environmental Epidemiology Branch, Division of Cancer Epidemiology and Genetics, National Cancer Institute, National Institutes of Health (NIH), Department of Health and Human Services (DHHS) for one or more Industrial Hygienists (Ph.D. or equivalent). Candidates should have expertise and experience in the conduct of exposure assessment in the context of epidemiologic studies relating occupational exposures to disease risk. Additional expertise in biologic monitoring and statistical modeling are a plus. The studies of occupation-related risk carried out by the Occupational and Environmental Epidemiology Branch include retrospective assessment of historical exposures, through industry and questionnaire-based evaluations in case-control and cohort studies, on-site evaluation of exposures through air, dermal and biological monitoring, and studies of early biologic effects and genetic susceptibility. A demonstrated ability to carry out effective collaborations with investigators from different disciplines is critical, as is the ability to communicate effectively in speech and writing, as demonstrated by presentations and publications.

Salary is competitive and commensurate with research experience and accomplishments, and a full Civil Service package of benefits (including retirement, health insurance, life insurance, and a Thrift Savings Plan) is available. Candidates may be eligible for the NIH Loan Repayment Program (<http://www.LRP.NIH.gov> <<http://www.LRP.NIH.gov>>). The successful candidate(s) will develop an independent research program focused on assessing cancer-causing exposures in complex occupational settings, in relation to cancer risk. Interested individuals should send a cover letter, curriculum vitae, brief summary of research interests and experience, copies of selected publications, and three letters of reference to: Mrs. Judy Schwadron: Division of Cancer Epidemiology and Genetics; National Cancer Institute; 6120 Executive Blvd., EPS/8073; Bethesda, MD 20892-7374. The closing date for applications is October 15, 2008; however, the search will continue until a qualified candidate is found. A completed application is required in order to be considered for this position. The position is subject to a background investigation. The DHHS and NIH are Equal

Opportunity Employers.

###

**Assistant Clinical Investigator
Laboratory of Neurogenetics, NIA
(deadline: October 15)**

The Intramural Research Program (IRP) of the National Institute on Aging (NIA), Bethesda, Maryland, is recruiting for an Assistant Clinical Investigator position in the Laboratory of Neurogenetics (LNG), under the direction of Dr. Andrew Singleton. This is a time-limited position with initial appointment for three years. The incumbent will be recruited to run a small research group focusing on the molecular genetics of neuromuscular disorders, and must have a strong background in patient ascertainment and the practical application of genetics in human disease. Specialized knowledge and expertise in the molecular genetics of neurodegenerative diseases, particularly motor neuron diseases, is required. Experience with positional cloning, application of genome wide SNP assays and familiarity with next generation molecular genetic techniques, such as sequence by synthesis, is desirable. In addition a strong background in clinical neurology, specializing in motor neuron diseases is required and expertise in clinical trial design and clinical research is desirable. The incumbent will have major roles in training staff and postdoctoral fellows and maintaining research continuity within the laboratory. An M.D. is required.

Salary is commensurate with research experience and accomplishments. The salary range for this position is \$87,193 - \$200,000. A full Civil Service package of benefits (including retirement, health, life and long term care insurance, Thrift Savings Plan participation, etc.) is available. Additional information regarding the NIA IRP and the LNG are available at the following websites: <http://www.grc.nia.nih.gov> <<http://www.grc.nia.nih.gov>> and <http://www.grc.nia.nih.gov/branches/osd/2006factbook.pdf> <<http://www.grc.nia.nih.gov/branches/osd/2006factbook.pdf>> . To apply: Please send a cover letter, curriculum vitae, bibliography, statement of research interests, and three letters of recommendation to: Peggy Grothe, Intramural Program Specialist; Office of the Scientific Director (Box 09); Vacancy # NIA-IRP-08-11; National Institute on Aging, Biomedical Research Center, 251 Bayview Boulevard, Suite 100, Room 04C232, Baltimore, MD 21224-6825. Applications must be received before October 15, 2008. If additional information is needed, please call 410-558-8012 or email: grothep@mail.nih.gov <<mailto:grothep@mail.nih.gov>> . DHHS and NIH are Equal Opportunity Employers. The NIH is dedicated to building a diverse community in its training and employment programs.

###

**NIDDK Scientific Director
(deadline: October 17)**

The National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) is seeking exceptional candidates for the position of Scientific Director for its Division of Intramural Research (DIR). The incumbent serves as the principal advisor to the NIDDK Director on biomedical and scientific affairs involving the intramural research program. The NIDDK supports and conducts research to understand, treat, and prevent some of the most common and severe diseases affecting the public health (www.niddk.nih.gov <<http://www.niddk.nih.gov>>). This position offers a unique and exciting opportunity for an extremely capable individual to plan and oversee basic fundamental and applied research programs; evaluate research efforts and establish program priorities; allocate resources; direct training of pre- and post doctoral fellows; collaborate with other NIH programs; and advise the NIDDK Director and senior staff on the DIR and areas of science of interest to the Institute. The Intramural Division has a staff of approximately 1,000 employees and a current annual budget in excess of \$167 million. In addition to the managerial/administrative responsibilities outlined above, the Scientific Director may carry out his/her own research program. Resources commensurate with the proposed program will be provided. The NIDDK seeks candidates who have a commitment to scientific excellence and the energy, enthusiasm, and innovative thinking necessary to maintain the DIR's research efforts at the forefront of science.

QUALIFICATIONS: Applicants must possess an M.D., Ph.D., or equivalent degree, and have demonstrated scientific leadership and senior-level research experience in both a basic and clinical research program of national and international standing in an area relevant to diabetes, digestive and kidney diseases.

SALARY/BENEFITS: Salary is very competitive and will be commensurate with the experience of the candidate. A full package of Civil Service benefits is available, including: retirement, health and life insurance, long term care insurance, leave and savings plan (401K equivalent). The position is subject to a background investigation.

HOW TO APPLY: Interested candidates should send a letter of interest, including a brief description of research and administrative experience; curriculum vitae and bibliography; NIH Biosketch; and full contact information for three to five individuals who

may be contacted to provide letters of reference. Application packages should be sent to the National Institutes of Health (NIH), National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), 31 Center Drive, MSC 2560, Building 31, Room 9A-47, Bethesda, Maryland 20892, or electronically to balinj@mail.nih.gov <<mailto:balinj@mail.nih.gov>>. For further information about the position, please contact Dr. John O'Shea on (301) 496-2612 or e-mail at osheaj@arb.niams.nih.gov <<mailto:osheaj@arb.niams.nih.gov>>. Applications should be received by October 17, 2008. NIH is an Equal Opportunity Employer.

###

NIAID Clinical Research Transition Program (deadline: October 31)

The NIAID Clinical Research Transition Program was initiated in 2006 to provide opportunities for physicians to gain clinical and translational research experience in association with an NIAID Division of Intramural Research (DIR) laboratory. The program aims to increase the pool of well-trained clinical investigators who are competitive for clinical tenure-track positions. One to three candidates per year will be selected for 2-3-year appointments. Applicants must have an M.D. or M.D./Ph.D. degree, be board eligible or board certified in a subspecialty (or equivalent), and qualify for credentialing by the NIH Clinical Center. Applicants should identify a DIR lab chief who will agree to host the applicant's research. Information about DIR labs and contact information for lab chiefs is available at <http://www3.niaid.nih.gov/about/organization/dir/default.htm> <<http://www3.niaid.nih.gov/about/organization/dir/default.htm>>.

Applications will be evaluated by a search committee composed of NIAID DIR principal investigators with clinical research interests. Competitive candidates will be asked to present their research accomplishments and plans to the search committee. Participants will receive independent resources, staff, and be paired with an NIAID senior clinical investigator who will serve as a clinical research mentor. At completion of the 2nd year, participants are encouraged to apply for available tenure-track or staff clinician positions at NIH or elsewhere. Interested candidates may contact Dr. Karyl Barron, Deputy Director, DIR, NIAID, at 301-402-2208 or via e-mail (kbarron@nih.gov <<mailto:kbarron@nih.gov>>) for additional information or assistance in identifying an appropriate host lab. To apply for the program, send your CV-Bib, an outline of your proposed research program (no more than two pages) and a letter of support from the accepting NIAID lab chief by October 31, 2008 via e-mail to Ms. Wanda Jackson at NIAID.DIR.Search@niaid.nih.gov <<mailto:NIAID.DIR.Search@niaid.nih.gov>>. In addition, three letters of recommendation must be sent to Chair, NIAID Clinical Transition Program Search Committee, c/o Ms. Wanda Jackson at NIAID.DIR.Search@niaid.nih.gov

<<mailto:NIAID.DIR.Search@niaid.nih.gov>> or 10 Center Drive MSC 1356, Building 10, Rm. 4A-26, Bethesda, Maryland 20892-1356. E-mail is preferred. Please note search #024 when sending materials. Further information about working at NIAID is available on our website at: <http://healthresearch.niaid.nih.gov> <<http://healthresearch.niaid.nih.gov>> .

###

**Tenure-Track Position
Laboratory of Experimental Gerontology, NIA
(deadline: November 2)**

The Laboratory of Experimental Gerontology (LEG) of the National Institute on Aging (NIA) is recruiting a scientist for a tenure-track position within its Intramural Research Program (IRP). This position is 100% research, includes an attractive set-up package and operating budget, and provides the unique and extensive resources of the NIH. Principal Investigators in the LEG include Drs. Peter Rapp, Chief, Rafael de Cabo, and Sige Zou. The successful individual will possess an M.D. or Ph.D. with training and experience in translational research in mechanisms of neural plasticity. The candidates should have an established record of scientific accomplishment in this area. A track record of publications and interest in research on aging is also desired. Salary is commensurate with research experience and accomplishments, and a full Civil service package of benefits (including retirement, health, life and long term insurance, Thrift Savings Plan participation, etc.) is available. Additional information regarding the NIA/IRP and the LEG are available at the following Websites: <http://www.grc.nia.nih.gov> <<http://www.grc.nia.nih.gov>> and <http://www.grc.nia.nih.gov/branches/leg/leg.htm> <<http://www.grc.nia.nih.gov/branches/leg/leg.htm>> .

To apply: Please send cover letter, curriculum vitae, bibliography, statement of research interest and three letters of recommendation to: Peggy Grothe, Intramural Program Specialist; Office of the Scientific Director, Vacancy # NIA-IRP-08-10; National Institute on Aging, NIH Biomedical Research Center, 251 Bayview Blvd., Suite 100, Baltimore, Maryland, 21224. Applications must be received by November 2, 2008. If additional information is needed, please call 410-558-8012 or email to grothep@mail.nih.gov <<mailto:grothep@mail.nih.gov>> and NIH are Equal Opportunity Employers.

###

**Tenured or Tenure-Track Position
Pediatric Oncology Branch, NCI CCR
(deadline: November 15)**

The mission of the Pediatric Oncology Branch (POB), Center for Cancer Research, National Cancer Institute, is to improve survival and quality of life for children and young adults with cancer through basic, translational and clinical studies spanning molecular oncology, genomics, immunology, bone marrow transplantation, developmental therapeutics and supportive care. The POB invites applications for a tenure track or tenure eligible principal investigator position to conduct studies using molecular biologic and/or genomic technologies in pediatric cancer. Expertise and emphasis on bioinformatics, databases and multi-dimensional data are highly desirable along with strong communication skills. To learn more about the Pediatric Oncology Branch, please visit the Center for Cancer Research's website at: <http://ccr.nci.nih.gov> <<http://ccr.nci.nih.gov>> /, or the Pediatric Oncology Branch's website at <http://ccr.cancer.gov/labs/lab.asp?labid=67> <<http://ccr.cancer.gov/labs/lab.asp?labid=67>> .

Applicants must have an M.D. and/or Ph.D. in a relevant field with extensive post-doctoral experience, and a strong publication record demonstrating potential for creative independent research in the application of molecular biology and or genetics/genomics to pediatric oncology. The incumbent will direct an independent research program consisting of postdoctoral fellows and technicians funded by the NCI intramural research program. The incumbent will receive research support for developing a state-of-the-art laboratory that includes sufficient space, equipment and supply budget in order to sustain a research program in pediatric oncology. Interested applicants should send a cover letter, curriculum vitae, a brief statement of research interests and future plans (1 to 2 pages), and three letters of reference by November 15, 2008, to cfloyd@mail.nih.gov <<mailto:cfloyd@mail.nih.gov>> or by mail to Dr. Paul Meltzer; Chair, Search Committee; Pediatric Oncology Branch; Center for Cancer Research, NCI; c/o Carla Floyd, Executive Secretary; 9000 Rockville Pike; Bldg 10 Room 12N210 MSC 1904; Bethesda, Maryland 20892-1904. DHHS and NIH are Equal Opportunity Employers. The NIH is dedicated to building a diverse community in its training and employment programs.

###

Chief, Visuomotor Disorders Section

Laboratory of Sensorimotor Research, NEI (deadline: open-ended)

The National Eye Institute (NEI) seeks an outstanding clinician scientist for a tenured or tenure-track position as Chief, Visuomotor Disorders Section in the Laboratory of Sensorimotor Research (LSR) in the Division of Intramural Research. This recruitment is directed towards clinicians with expertise in central disorders that affect vision and/or eye movements (including disorders of binocular function). The post offers a unique opportunity for a talented individual to provide strong and stimulating leadership in an organization dedicated to uncovering new scientific knowledge, both laboratory and clinical. We welcome the full range of candidates at all levels.

The Laboratory of Sensorimotor Research is devoted to understanding the organization of the brain related to the control of eye movements, visual perception and their disorders. The Visuomotor Disorders Section Chief is expected to create a vigorous research program dedicated to elucidating the role played by these brain mechanisms in human disease, and to explore treatments. The Chief will develop broad investigational plans, independently and in collaboration with other NEI investigators and research scientists in the United States and abroad. The Chief will examine and treat patients, as well as design, implement and conduct research and clinical protocols. An opportunity exists for the Section Chief to recruit staff and supervise training. The NEI provides an exceptional environment for clinical research including the infrastructure necessary for patient recruitment, a clinical protocol development group, and a Contract Research Organization that provides statistical and epidemiological expertise, data management and analysis, study monitoring, regulatory guidance, and overall operational support. The NIH Clinical Center provides additional access to exceptionally broad medical and diagnostic resources. In addition, the LSR provides exceptional support for more specialized needs, such as the measurement of eye movements and computational analysis/modeling.

The position requires an ability to integrate basic, clinical and translational research, and create an intellectual synergy and an environment for state-of-the art patient care for those suffering from visual dysfunction. At a minimum, candidates should have a Doctor of Medicine degree from a school in the U.S. or Canada approved by a recognized accrediting body in the year of the applicant's graduation, or a Doctor of Medicine or equivalent degree from a foreign medical school which provided education and medical knowledge substantially equivalent to accredited schools in the United States. Candidates should be Board-certified, board eligible or equivalent, have direct clinical experience. Salary is commensurate with research experience and accomplishments. A full Federal package of benefits is available (including retirement, health, life and long term care insurance, Thrift Savings Plan etc). Applicants should submit curriculum vitae, bibliography, copies of their five most significant publications, a summary of research accomplishments and three reference letters. Applicants should

also submit a written statement with their perspective on the needs and opportunities necessary to move from the basic understanding of brain mechanisms supporting vision and eye movements to clinical therapeutic interventions and improved patient care. This statement should indicate how the applicant's particular expertise and background could contribute to this transition. Applications should be sent to: Mica Gordon, Executive Assistant, Office of the Scientific Director, National Eye Institute, Building 31, Room 6A22, 31 Center Drive, Bethesda, MD 20892; Tel: 301-451-6763, Email: gordonmi@nei.nih.gov. NIH is dedicated to building a diverse community in its training and employment. NIH is a part of the U.S. Department of Health and Human Services.

###

Scientific Director, NIDCD

(deadline: open-ended)

The National Institute on Deafness and Other Communication Disorders (NIDCD) is seeking exceptional candidates for the position of Director, Division of Intramural Research (DIR). The incumbent serves as the principal advisor to the NIDCD Director on biomedical and scientific affairs involving the intramural research programs conducted by basic and clinical research investigators in the field of deafness and other communication disorders. This position offers a unique and exciting opportunity for an extremely capable individual to evaluate research efforts and establish program priorities; direct training of pre- and post doctoral fellows; collaborate with other NIH programs; and advise the NIDCD Director and senior staff of the DIR and areas of science of interest to the Institute. The Division of Intramural Research has a staff of approximately 180 employees and a current annual budget of \$35 million dollars. In addition to the managerial/administrative responsibilities outlined above, the Scientific Director is expected to carry out his/her own research program. Resources commensurate with the proposed program will be provided. The NIDCD seeks candidates who have a commitment to scientific excellence and the energy, enthusiasm, and innovative thinking necessary to lead and direct the DIR's research efforts at the forefront of science.

Applicants must possess an M.D., Ph.D., or equivalent degree, and have demonstrated scientific leadership and research experience in either a basic or clinical research program of national and international standing in one or more of the areas of research that has or will contribute new knowledge in biomedical and behavioral issues recognized as part of the NIDCD mandate. Salary is very competitive and will be

commensurate with the experience of the candidate. A full package of Civil Service benefits is available including: retirement, health and life insurance, long term care insurance, annual and sick leave and the thrift savings plan (401K equivalent). The position is subject to a background investigation.

Please submit a current Curriculum Vitae, Bibliography, and a Cover Letter describing why you are interested in and what you can bring to this position. Application packages should be sent to the National Institutes of Health (NIH), National Institute on Deafness and Other Communication Disorders (NIDCD), 31 Center Drive, MSC 2320, Building 31, Room 3C02, Bethesda, Maryland 20892 or sent via email to mundellg@mail.nih.gov.

Additional information may be obtained from Dr. Eric Green at 301-402-2023 or at [greene@mail.nih.gov](mailto:greeneg@mail.nih.gov).

All information provided by the candidates will remain confidential and will not be released outside the NIDCD search process without a signed release from candidate. Applications will be reviewed starting October 6, 2008, and will be accepted until the position is filled. NIH is an Equal Opportunity Employer.
